### TIP

Always remember to stretch your FlexibleLove seating to its max length at least 5 mins long at a time. Repeat the the stretch step and loosen the seating for easy shapes.

Easier connection

## MAGENETIC CONNECTION

Within strong magnets in both sideboards,  
now it's time to improvise any shapes and  
extend with multiple seatings hands down.

Fire / splash fear not

## FIRE / SPLASH FEAR NOT

### FIRE FEAR NOT

FlexibleLove seating is fire retardant/  
flame proof, fire rating documentation  
is available upon request.

### SPLASH FEAR NOT

The long paper fiber of kraft, enhances  
the durability and flexibility of the seating  
while also making it rather splash-resistant.

Beautiful Facet

## BEAUTIFUL FACET

With use, the edges of the paper gently soften  
and crush, prevent from paper cut with softer touch  
and does not affect the strong support of the seating.

Pet friendly / cleaning

## PET FRIENDLY / CLEANING

### PET FRIENDLY

The strong and high density of honey-comb structure only makes scratches soften the surface of seating.

### KEEP IT CLEAN

Gently vacuum the seating and wipe the woodboards with dry cloth.

## ABOUT US

What makes a vibrant community?

It starts with creative seating.

At FlexibleLove, the most important thing is the community, we see ourselves more than just public space furniture but the catalyst of interaction and communication between people. Fascinated by the beauty, flexibility, and incredible durability of kraft honeycomb structure, in 2005, we have taken the initiative to use it to make furniture. This strong curiosity led us to the creation of FlexibleLove seating with 100% recyclable wood fibre material.

Seating friends, families, lovers, and teammates all over the world, FlexibleLove has been invited to Milan Design Week, Paris Fashion week, Designer's Days Paris, and collected by MoMA New York and MAK museum in Austria.
